

SKS-900

Solid performance

TIRE LIFE

COMFORT

STABILITY

COST EFFECTIVE

The SKS-900 offers a cost-effective and practical solution for the construction, demolition, site preparation, mining, and utility industries. Its solid construction and durable cut-resistant compound eliminate downtime caused by punctures and tire damage. The SKS-900 is the ideal choice for operators who demand maximum reliability and productivity.

Primarily available as a mounted assembly, the SKS-900 can also be purchased separately.

Trelleborg tires are OEM tested and approved on a wide range of equipment and are designed to perform in extreme environments.

SKS-900

SOLID TIRES - PRESS ON SKID STEER

Tire life

Premium compounding and advanced tire design combine to create products that last longer and help reduce downtime. Trelleborg tires deliver value by maximizing machine productivity and efficiency.

Comfort

We understand the requirements of a safe working environment. Our compounds deliver higher shock absorption and reduced vibration ensuring the best possible protection for operators and machines.

Stability

Trelleborg products are designed to improve stability and traction leading to even tire wear.

Cost Effective

A highly efficient and cost-effective option, the SKS-900 offers long-term savings and increased profitability for your operation.

Size	Pneumatic Equivalent Size	Rim	Pattern	Overall Diameter [Inches]	Section Width [Inches]	Tread Depth [32nd]	Load Capacity 6 mph/lbs
