SUPER PREMIUM COMPOUNDS

ELECTRICALLY CONDUCTING NON MARKING

New from Trelleborg, the ProTEX, a 100% Non-Marking Electrically Conducting compound engineered for use on Materials Handling applications operating in potentially explosive environments.

Engineered to be compliant with the EN1755 safety regulation, the ProTEX compound allows your material handling equipment to be safely used in applications where there is a presence of flammable gas, vapor, or dust.

Main Benefits

- 100% Non Marking & Electrically Conducting compound
- Built on expertise in polymer engineering and Materials Handling
- Safer than the alternative of fixed earthing strips
- EN1755 compliant
